

How long?

God made the beasts – also the human mind,
Cattle, dogs, flowers – plenty of all kind.
Dogs were bound to find man and wife,
Not as victims but as friends for life.

Refrain

How long must we sing this song?
With dogs by our side, that can't be wrong.
How long must we sing this song?
Fighting for their rights – we're strong!

I can't believe these bad news every day.
Dogs are tortured and finally must pay.
Some are bred just for one's desire.
To be punished and to be set on fire.

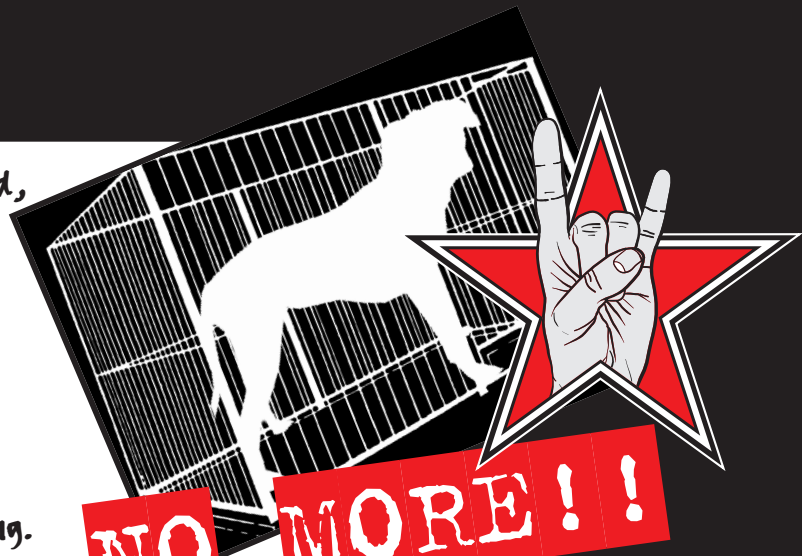

Refrain

How long must we sing this song?
.....

We won't wait any longer, time flies away.
To fight for a friend, and no longer let him pay.
We open our eyes against abuse of rights.
To set all dogs free, we stand up and fight.

Refrain

How long must we sing this song?
.....

NO MORE!!!
